Farm2Flavour customer app

Privacy policy (draft for review)

Please read this draft and confirm the items still marked **in bold capitals**. It will be published on a website before the app goes on Google Play.

Draft for business owner review. Not legal advice.

> ***For the business owner:*** *This describes what the customer Android app collects and why. It does not cover internal staff tools. After you approve the wording, we will add your contact details and publish the final text online.*

Privacy Policy - Farm2Flavours

1. Who we are

Farm2Flavours ("we", "us") operates the Farm2Flavour mobile app for customers in SERVICE AREA (for example your city or India). This policy explains how we handle personal information when you use the app.

2. What we collect

Data	Purpose
Mobile phone number	Sign-in via one-time SMS code; account identity
Name	Delivery and order communication
Delivery addresses	Fulfil and deliver your orders (up to 3 saved addresses)
Order details	Products, quantities, totals, status, payment method choice (cash or UPI at delivery)
Push notification token	Send order status updates (and optional notify me when a product becomes available)
App interactions	Operate the service (for example sign-in events stored by our hosting provider)

We **do not** collect payment card details in the app. Payment is made at delivery (cash or UPI).

We **do not** record your microphone or voice. The app does not use voice ordering on Google Play.

We **do not** sell your personal information.

3. How we use information

- Create and manage your account
- Process, deliver, and support orders
- Send push notifications about your orders (if you allow notifications)
- Comply with law and prevent abuse

4. Service providers

We use trusted processors who store or process data on our instructions:

- **Supabase** - database, authentication, file storage (for example product images)
- **SMS provider** (2Factor.in) - send OTP codes to your phone
- **Google (Firebase Cloud Messaging)** - deliver push notifications on Android

They may process data in regions where they operate. We use them under their terms and our configuration.

5. Retention

We keep order and account information as long as needed to run the business, support you, and meet legal or accounting requirements. You may ask us to delete or correct your data subject to applicable law and ongoing orders.

6. Your choices

- **Notifications:** You can disable push notifications in Android settings.
- **Account / data requests:** Contact SUPPORT EMAIL.

7. Children

The app is not directed at children under 13. We do not knowingly collect data from children.

8. Security

We use industry-standard measures through our providers (encrypted connections, access controls). No method is 100% secure.

9. Changes

We may update this policy. We will post the new date at the top. Continued use after changes means you accept the updated policy.

10. Contact
